

ORICIA GAMES

PRESS RELEASE

Message from the Management: 2024 Review and Outlook for 2025

Albi, December 20, 2024

Dear collaborators, supporters, and friends of Oricia Games,

As 2024 draws to a close, I want to take a moment to address each of you: those who passionately craft the worlds we create, and those who support us with unwavering loyalty and trust.

Your support is our driving force. Thanks to you, we've been able to keep moving forward day after day, overcoming challenges and turning our ambitions into reality. Every piece of encouragement, constructive feedback, and every hour of effort invested brings us closer to our vision.

I would like to extend my heartfelt thanks to everyone working at Oricia Games. Your talent, dedication, and passion are the beating heart of our projects. Without you, none of this would be possible.

The year 2024 was not without its difficulties, and we had to learn from past mistakes. We acknowledge that the launch of *Fisherman's Island* on Steam in 2023 happened too early in its development and that the initial price didn't match the content offered. These decisions taught us valuable lessons, and we've worked tirelessly to make things right.

At the same time, we are preparing to launch our Kickstarter campaign, which, I hope, will provide us with the funding needed to accelerate the development of *Fisherman's Island* and bring other ambitious projects to life.

Our future is promising, and it's all thanks to you. Together, we are building something unique—a journey I am proud to share with all of you.

Thank you for this year of challenges, growth, and progress. Let's continue to dream, create, and move forward together.

With heartfelt gratitude,

Loïs Macia Iborra

President and Co-founder, Oricia Games
